

# Eating Snow is Yucky!

I love to play in the snow.

Snow looks really white and clean, especially when no one has walked on it.

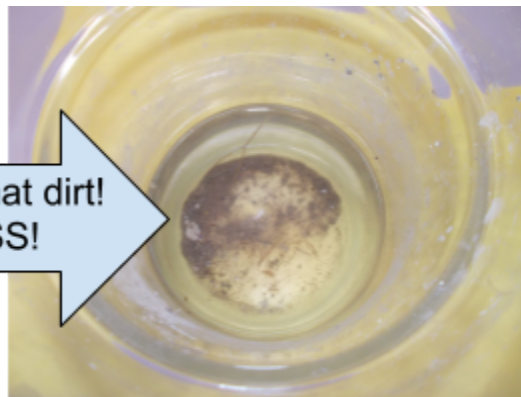

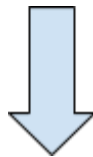

Sometimes I eat the snow. That's not a good idea.  
Eating snow is yucky!  
I will try not to eat it.

Even when it looks clean, the snow has lots of dirt in it.  
I will try not to eat it.

Looks clean

Look at that dirt!  
It's GROSS!

People walk on the snow in their dirty boots.

I should not eat it.

Dogs walk on the snow and do NASTY things on it. They PEE and they POOP!

That's DISGUSTING! I don't want to eat THAT!

Birds fly overhead and POOP.  
Bird poop is sometimes white like snow!

I definitely don't want to eat that.

The only things that go in my mouth are my toothbrush and food.

I have to try REALLY hard not to eat snow.

If I eat snow I can get sick. I don't want to be sick.

I'd much rather be well  
so I can have fun and play games in the snow.
